**PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES**

The local educational agency (LEA) assures it will submit a plan to the Alabama State Department of Education (ALSDE) that contains such information as ALSDE may reasonably require, including all information required by the U.S. Department of Education's (ED) Interim Final Requirements on ARP ESSER. The LEA will submit the plan by the date established by ALSDE.

The LEA will use ARP ESSER funds for activities allowable under section 2001(e) of the ARP and will reserve at least 20% of its ARP ESSER funds to address learning loss through the implementation of evidence-based interventions.

The LEA will comply with the maintenance of equity provision in section 2004(c) of the ARP.

The LEA assures either:

(a) It will, within 30 days of receiving ARP ESSER funds, develop and make publicly available on the LEA's website a plan for the safe return of in-person instruction and continuity of services as required in section 2001(i)(1) of the ARP and in ED's Interim Final Requirements, or

(b) It developed and made publicly available on the LEA's website such a plan that meets statutory requirements before the enactment of the ARP that meets ARP requirements. (ARP was enacted March 11, 2021).

The LEA also assures that before making the plan publicly available, the LEA must seek public comment on the plan and take such comments into account when developing the plan.

The LEA will comply with all reporting requirements at such time and in such manner and containing such information as the ALSDE or ED may reasonably require including on matters such as:

- How the LEA is developing strategies and implementing public health protocols including, to the greatest extent practicable, policies and plans in line with the CDC guidance related to addressing COVID-19 in schools;

- Overall plans and policies related to State support for return to in-person instruction and maximizing in-person instruction time, including how funds will support a return to and maximize in-person instruction time, and advance equity and inclusivity in participation in in-person instruction;

- Data on each school's mode of instruction (remote, hybrid, in-person) and conditions;
• LEA uses of funds to meet students' social, emotional, and academic needs, including through summer enrichment programming and other
evidence-based interventions, and how they advance equity for underserved students;

• LEA uses of funds to sustain and support access to early childhood education programs;

• Impacts and outcomes (disaggregated by student subgroup) through use of ARP ESSER funding (e.g., quantitative and qualitative results of
ARP ESSER funding, including on personnel, student learning, and budgeting at the school and district level);

• Student data (disaggregated by subgroups) related to how the COVID-19 pandemic has affected instruction and learning;

• Requirements under the Federal Financial Accountability Transparency Act (FFATA); and

• Additional reporting requirements as may be necessary to ensure accountability and transparency of ARP ESSER funds.

The LEA assures that records pertaining to the ARP ESSER award under 2 C.F.R. § 200.334 and 34 C.F.R. § 76.730, including financial records
related to use of grant funds, will be retained separately from other grant funds, including funds an LEA receives under the Coronavirus Aid, Relief,
and Economic Security Act (CARES Act) and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act).

The LEA will cooperate with any examination of records with respect to such funds by making records available for inspection, production,
and examination, and authorized individuals available for interview and examination, upon the request of (i) ED and/or its Inspector General; (ii)
any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority; or (iii) the ALSDE.

The LEA will use ARP ESSER funds for purposes that are reasonable, necessary, and allocable under the ARP.

OTHER ASSURANCES AND CERTIFICATIONS

The LEA will comply with all applicable assurances in OMB Standard Forms 424B and D (Assurances for Non-Construction and Construction
Programs), including the assurances relating to the legal authority to apply for assistance; access to records; conflict of interest; merit systems;
nondiscrimination; Hatch Act provisions; labor standards; flood hazards; historic preservation; protection of human subjects; animal welfare; lead-
based paint; Single Audit Act; and the general agreement to comply with all applicable Federal laws, executive orders and regulations.

The LEA assures that, with respect to the certification regarding lobbying in Department Form 80-0013, no Federal appropriated funds have been
paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer
or employee of Congress, or an employee of a Member of Congress in connection with the making or renewal of Federal grants under this program.

The LEA will include in its local application a description of how the LEA will comply with the requirements of section 427 of GEPA (20 U.S.C. 1228a).
The description must include information on the steps the LEA proposes to take to permit students, teachers, and other program beneficiaries to
overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation
in, the program.

The LEA will take all necessary steps to allow every student, teacher, and other program beneficiary to participate in the ARP ESSER program. If any
barrier arises that impedes equal access to, or participation in the ARP ESSER program, the LEA will quickly address and resolve those issues.

The LEA will comply with all applicable requirements of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for
Federal Awards (sometimes referred to as the Uniform Guidance, or the Uniform Grant Guidance (UGG)).

The LEA will comply with the provisions of all applicable acts, regulations and assurances; the following provisions of Education Department General
Administrative Regulations (EDGAR) 34 CFR parts 76, 77, 81, 82, 84, 97, 98, and 99; the OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and the Uniform Guidance in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474.

**GEPA ASSURANCES**

The LEA will administer each program covered by the application in accordance with all applicable statutes, regulations, program plans, and applications, including, but not limited to federal education program laws, the General Education Provisions Act, the Education Department General Administrative Regulations, and the Uniform Grant Guidance.

The LEA assures that control of funds provided to the LEA, and title to property acquired with those funds, will be in a public agency and that a public agency will administer those funds and property.

The LEA will use fiscal control and fund accounting procedures that will ensure proper disbursement of, and accounting for, Federal funds.

The LEA will make reports to the ALSDE and to ED as may reasonably be necessary to enable the ALSDE and ED to perform their duties and that LEA will maintain such records, including the records required under 20 U.S.C. 1232f, and provide access to those records, as the ALSDE or ED deem necessary to perform their duties.

The LEA will provide reasonable opportunities for the participation by teachers, parents, and other interested agencies, organizations, and individuals in the planning for and operation of ED programs.

The LEA assures that any application, evaluation, periodic program plan or report relating to an ED program will be made readily available to parents and other members of the general public.

The LEA assures that in the case of any project involving construction-

- the project is not inconsistent with overall State plans for the construction of school facilities, and

- In developing plans for construction, due consideration will be given to excellence of architecture and design and to compliance with standards prescribed by the Secretary of Education under section 504 of the Rehabilitation Act of 1973 in order to ensure that facilities constructed with the use of Federal funds are accessible to and usable by individuals with disabilities.

The LEA assures they have adopted effective procedures for acquiring and disseminating to teachers and administrators participating in an ED program significant information from educational research, demonstrations, and similar projects, and for adopting, where appropriate, promising educational practices developed through such projects.

The LEA assures that none of the funds expended will be used to acquire equipment (including computer software) in any instance in which such acquisition results in a direct financial benefit to any organization representing the interests of the purchasing entity or its employees or any affiliate of such an organization.

**LEA SUPERINTENDENT ASSURANCES**

The LEA Superintendent certifies to the best of his/her knowledge and belief that all the information and data in this application are true and correct. The LEA Superintendent acknowledges and agrees that failure to comply with all assurances and certifications in this application, all relevant provisions and requirements of the American Rescue Plan Act of 2021 (ARP Act), Pub. L. No. 117-2 (March 11, 2021), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR Part 180, as adopted and amended as regulations of the Department in 2 CFR Part 3485; and 18 U.S.C. § 1001, as appropriate, and other enforcement actions.

Required Narratives
How does the LEA plan to use funds to implement prevention and mitigation strategies in order to continuously and safely operate schools for in-person learning?

ARP ESSER funds will be used to:
- Plan and implement summer learning and after school program activities
- Address learning loss of our students
- Other activities necessary to maintain the operation of and continuity of services.

UCS will ensure that no student or teacher will be denied participation based on gender, race, national origin, socioeconomic status, disability, or age.

In order to implement these strategies, the following staff will be hired:
Director of Operations and Culture, School Financial Specialist, Instructional Aides, Math Intervention Aide, Math Instructional Coach, After School program staff, and Summer Learning Camps stipends for current instructional staff.

How will the LEA ensure that the evidence-based interventions will address the academic impact of lost instructional time and ensure that those interventions respond to the academic, social, emotional, and mental health needs of all students including underrepresented student subgroups (each major racial and ethnic group, children from low-income families, children with disabilities, English Learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care) and those who are particularly impacted disproportionately by the COVID-19 pandemic?

- The interventions in place will ensure that additional support is needed to not only address the impact of lost instructional time, but to also ensure that our diverse student population has individualized needs met through the additional support of instructional aides and specialized instructional support in core academic areas. These positions allow more work to be done to support students with recovering lost learning while ensuring that they can also engage in grade-level content.

How will the LEA comply with the requirements of section 427 of GEPA (20 U.S.C. 1228a)?

The description must include information on the steps the LEA proposes to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the ESSER III program.

- UCS will insure that all populations have the resources and access needed in order to be successful during this unprecedented time of learning. This can include providing additional support and intervention through instructional specialists for students who are struggling and instructional aides for general classroom teachers and students. UCS will provide internet access to students who are unable to provide reliable access on their own. Students receive additional services (special education, English Language Learners, and more) will continue to receive these services regardless of their learning environment. If any barriers arise for any stakeholders, UCS will address immediately.

How will the LEA actively monitor their allocations, conduct interim audits to ensure an appropriate application of funds, collect and manage data elements required to be reported, and report this information to the community?

- The UCS CSFO will continue to prepare and present monthly financial statements at board meetings. In addition, the financial statements are posted on the UCS website along with check registers for public viewing.

How will the LEA meaningfully engage with families and communities throughout the life of the ARP ESSER and other relief funds?

- UCS is committed to building a strong parent and family-school partnership. UCS promotes and encourages parents and families and school personnel to be involved in all aspects of their child’s education to include:
  - Parent Academy: quarterly meeting/training held specifically for parents to learn about the technology being used at UCS, how to help their child academically, etc.
  - Communication: a Friday communication is sent every Friday to every parent for upcoming events; System Calendar of events; fall festival; UCS website; teacher emails and phone calls, school-wide communication platform used for instant communication through apps, texts, phone calls, and emails.

In addition to the quarterly Parent Academy's held, additional meetings with parents will be held to understand proficiency levels of academic standards and curriculum, interpretation of state and local assessments, and methods for monitoring their child’s education at home will be provided. Appropriate school personnel will inform parents of continuing education opportunities and will work with parents on techniques and activities to help their child achieve challenging state content standards.

UCS educates its teachers, support personnel, principal and other school leaders in the value and utility of contributions of parents, and in how to reach out, communicate, and work with parents as equal partners, implement and coordinate parent programs and build ties between parents and schools by:

- Emailing every Friday a newsletter
- Sending home graded assignments and monthly progress reports

- Scheduling parent-teacher conferences
- Making phone calls, sending home homework, and notes and weekly folders
- Encouraging parents to serve as volunteers/tutors
- Serving together on school committees
- Conduct Reading and Math nights for parents
- Parent participation in class parties, festivals, etc.

**LEA Reservation to Address Loss of Instructional Time**

LEAs must reserve at least 20 percent of funds to address loss of instructional time through the implementation of evidence-based interventions and ensure that those interventions respond to students' social, emotional, and academic needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups.

For this reservation of funds, the following interventions are allowable:
1. Summer Learning & Summer Enrichment Programs
2. Extended Day Programs
3. Comprehensive After-School Programs
4. Extended School Year Programs
5. Other – See Intervention box E for more details.

University Charter School

University Charter School (UCS) is an innovative PK-11 public charter school that opened in August 2018 in rural, Livingston, Alabama. UCS is designed to be a rural, diverse school that cultivates independent thought, promotes the building of character and civic responsibility, and is committed to preparing all students for personal and professional success through the discovery of individual learning pathways in a rigorous and integrated Science, Technology, Reading, Engineering, Arts, and Mathematics (STREAM) focused, project-based and place-based curriculum. The vision of University Charter School is to become a rural model for producing adaptable learners that have a strong sense of place, mission, and rural identity, and who recognize the value of collaboration within a school, across a community, and between diverse rural regions. Our graduates will be prepared to continually meet the demands of an ever changing economy and will be perceived as community leaders and catalysts for meaningful change. We see UCS as a purposeful, place-based, and collaborative pathway to encourage growth and retention in and to restore relevance to our rural community.

UCS is strategically and intentionally located on the campus of the University of West Alabama and was created in partnership with the University of West Alabama. UCS faculty and students will leverage the assets of the University through hands-on partnerships and academic projects with participating colleges and divisions that span health care, education, and the arts, to name a few.

UCS’s approach to education is unique in a number of ways:

- **Location:** The school’s location on the University of West Alabama campus in rural Sumter County, Alabama, will provide students with the opportunity to build rich and ongoing relationships with each other and benefit from the programs and opportunities available on campus and in our community. Sumter County, our rural community, has been challenged by a lack of high quality educational opportunities, a decline in overall child well-being, high poverty rates, high unemployment rates, low per capita income, and depopulation. UCS was created out of a partnership between the University of West Alabama and a rural, impoverished community in an effort meet the educational needs of the children. By nurturing the diversity of a divided community, UCS presents a solution to the unique educational challenges that face
rural communities by providing a blueprint for others to follow, as well as presents opportunities to demonstrate and implement PK-12 best practices in a rural setting.

- **Curriculum:** UCS’s curriculum is project-based and place-based, which will provide students with real-world local connections to what they are learning in school. Students will also have the autonomy to direct their course of study, allowing them to pursue academic work and projects that inspire them.
- **Diverse by design** - Last but not least, UCS will ensure that a diverse group of students can take advantage of all of the opportunities this school will offer.

### Roles and responsibilities

- Work collaboratively with colleagues and community partners in a co-taught, interdisciplinary instructional setting, to design high quality, purposeful and meaningful learning experiences for students through a project-based, place-based and problem-based approach
- Attend and participate in curriculum design and planning sessions and professional development
- Develop meaningful and supportive relationships with students through a positive youth development lens
- Develop and maintain positive relationships and communication with parents and families
- Monitor students’ progress towards performance outcomes and personal learning goals
- Other duties as deemed necessary by the principal to support and strengthen the community
- Bring your “A game” and have fun. It’s what we do at University Charter School

### Qualifications

The strongest candidates will have the following certifications, skills, and experiences:

University Charter School
University Charter School (UCS) is an innovative and new PK-11 public charter school that opened in August 2018 in rural, Livingston, Alabama. UCS opened its doors to 305 students in grades PK – 8 and has grown to 525 students in grades PK-10 in 2020-2021. UCS will be adding an additional grade each year and is anticipating 575 students in grades PK-11 for the 2021-2022 school year. UCS is a rural, diverse school that cultivates independent thought, promotes the building of character and civic responsibility, and is committed to preparing all students for personal and professional success through the discovery of individual learning pathways in a rigorous and integrated Science, Technology, Reading, Engineering, Arts, and Mathematics (STREAM) focused, project-based and place-based curriculum. The vision of University Charter School is to become a rural model for producing adaptable learners that have a strong sense of place, mission, and rural identity, and who recognize the value of collaboration within a school, across a community, and between diverse rural regions. Our graduates will be prepared to continually meet the demands of an ever changing economy and will be perceived as community leaders and catalysts for meaningful change. We see UCS as a purposeful, place-based, and collaborative pathway to encourage growth and retention in and to restore relevance to our rural community.

UCS is guided by three core values: Compassion, Integrity and Perseverance. Focus on the infusion of these values will foster a safe and supportive school environment for all students and provide a common foundation on which to build positive relationships throughout the school.

UCS is strategically and intentionally located on the campus of the University of West Alabama and was created in partnership with the University of West Alabama. UCS faculty and students will leverage the assets of the University through hands-on partnerships and academic projects with participating colleges and divisions that span health care, education, and the arts, to name a few.

UCS’s approach to education is unique in a number of ways:

- **Location**: The school’s location on the University of West Alabama campus in rural Sumter County, Alabama, provides students with the opportunity to build rich and ongoing relationships with each other and benefit from the programs and opportunities available on campus and in our community. Sumter County, our rural community, has been challenged by a lack of high quality educational opportunities, a decline in overall child well-being, high poverty rates, high unemployment rates, low per capita income, and depopulation. UCS was created out of a partnership between the University of West Alabama and a rural, impoverished community in an effort meet the educational needs of the children. By nurturing the diversity of a divided community, UCS presents a solution to the unique educational challenges that face rural communities by providing a blueprint for others to follow, as well as presents opportunities to demonstrate and implement PK-12 best practices in a rural setting.
● **Curriculum**: UCS’s curriculum is project-based and place-based, which provides students with real-world local connections to what they are learning in school. Students also have the autonomy to direct their course of study, allowing them to pursue academic work and projects that inspire them.

● **Diverse by design**: Last but not least, UCS ensures that a diverse group of students can take advantage of all of the opportunities this school offers.

### Role and Responsibilities

The Math Instructional Coach (MIC) will provide instructional support and coaching to classroom teachers as they work to ensure that each student is able to reach his or her academic potential. The MIC’s primary role is to work with math teachers to support best practices in using data, provide analysis of school-wide trends in instruction, and make recommendations about potential next steps to address areas of need. As an advisor to math teachers and principals, the MIC is responsible for four main areas: a) observing instructional delivery and providing feedback to enhance and support the development of each math teacher’s content area b) supporting math teachers in the design of units and lessons for the development of their yearlong curriculum, c) analyzing data in order to modify curriculum and forms of assessment to meet students’ needs, and d) working with the academic staff (grade level chairs, principals, chief academic officer) in the schools to support sharing of best practices. The MIC will work collaboratively with the Instructional Team to advise directors and teachers on developing instructional strategies and intervention programs for struggling students. This may include modeling lessons in classrooms, helping teacher groups plan instruction, creating system-wide policies and procedures, and facilitating professional development.

- Collaborate with the Instructional Team to plan and deliver pre-service summer professional for new and returning staff members aligned to high priority initiatives and outcomes in the area of mathematics.
- Support the development of high quality/effective math instruction; observe and coach developing math teachers to improve instructional planning, teaching practice, and the use of data, assessment, and instructional technology.
- Work with math grade level chairs and teachers to refine and develop common standards based pacing plans, mid-year and end of year common assessments for each grade level.
- Work with various teams (administrators, teachers, grade level chairs) to facilitate analysis of data provided by diagnostics, common assessments, and formative assessments. Act as leader in the event there is no qualified applicant.
- Help teacher teams develop both school wide and classroom intervention plans.
- Work with school administrators to develop policies and school structures that facilitate the improvement of math instruction and the appropriate interventions and supports for students.
- Serve as the project lead for grants geared toward the improvement of math instruction.
- Continuously monitor, track and analyze student achievement data in order to identify needed supports and strategies.

### Qualifications

The strongest candidates will have the following skills and experiences:

- A belief in, and commitment to, the goals, mission, vision and academic approach of UCS
- Bachelor’s degree (required)
- Alabama State Educator Certification (required)
- At least (3) years of math teaching experience (preferred)
• At least 2 years of experience leading other teachers to achieve strong academic results with historically underachieving students (preferred)
• Experience coaching teachers and delivering professional development (preferred)
• Experience in analyzing data and using results to modify curricula (preferred)

The ALSDE is providing a State Reserve allocation to LEAs to address the loss of instructional time through the implementation of evidence-based interventions and ensure that those interventions respond to students’ social, emotional, and academic needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups.

For the ARP ESSER State Reserve Allocation, the following interventions are allowable:
1. Summer Learning & Summer Enrichment Programs
2. Comprehensive After-School Programs
3. Other – See Intervention box C for more details.

**Required Narratives**

Provide a description of the evidence-based program(s) (including partnerships with community-based organizations) the LEA has selected to use with the ARP ESSER State Reserve, and how the LEA will address the disproportionate impact of COVID-19 on certain groups of students, including each major racial and ethnic group, children from low-income families, children with disabilities, English Learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care.

UCS has partnered with Tuscaloosa's One Place (TOPs) in providing a high quality After School program. Students receive two hours on Monday, Tuesday, Thursday and Friday and 3 hours on Wednesday of academic and social enrichment. Academic remediation, homework assistance, life skill lessons, mentoring, behavioral intervention, and extracurricular activities. UCS' After School program works to increase the school year attendance of the program participants. All students are eligible to participate.

UCS will host a Summer Learning Camp include 20 days in instruction each summer.

UCS will be using Mclass/Amplify ELA, Eureka Math In Sync/Affirm/Equip, and IXL for manipulatives and customized assessments.

Indicate the data sources the LEA used to identify the students most in need of the program(s) and the extent to which the LEA will evaluate the impact of the program(s).

Various assessment platforms were used to identify students to participate in summer learning camps and to receive additional tutoring/academic support through our ater school program. For our lower elementary students, DIBELS is the primary data source that UCS uses to identify key literacy needs of support in individual students. STAR Early Literacy, STAR Reading, and STAR math are all additional instruments where academic
screening and progress monitoring occurs to support students in the core academic areas. This data is used in summer and after school settings and is used to drive work around learning loss to ensure that any academic remediation or instruction can be as targeted and effective as possible.

Using the allocation from the ARP ESSER State Reserve, explain how the LEA will identify and engage

1) students who have missed the most in-person instruction during the 2019-2020 and 2020-2021 school years; and
2) students who did not consistently participate in remote instruction when offered during school building closures.

The Eureka Math/Great Minds digital platforms of In Sync, Affirm, and Equip provides direct instruction and customized assessments for all instructional lessons for our K-8 students. This allows for a wealth of opportunity for students to have this resource to review math concepts after school, at home, and while at school in remedial settings so that students are supported with acquiring key academic content. This supports lost learning for students who may have missed school and supports all students by providing this instructional resource 24/7 to all students to increase the likelihood of acquisition and retention. Our mCLASS/Amplify Reading platform works similarly by engaging students in targeted instruction, assessment, and independent learning aligned with diagnostic screening data. This ensures that time spent on the platform is addressing deficits in learning.

### Intervention A (Summer Learning & Summer Enrichment Programs)

Provide the following information for Intervention A (Summer Learning & Summer Enrichment Programs):

1) Brief description and timeline for each service (service must end by 9/30/2024)
2) Number of employees and FTE(s) (if applicable)
3) Itemized Budget using Function & Object codes (must match Budget Grid)

Example:

ARP ESSER funds will be used to host a Summer Enrichment Camp during the Summer of 2023. The camp will run for two weeks for four days a week. Subjects to be covered are science, technology, engineering, mathematics and reading. We will purchase general supplies such as pencils, notebooks, glue, color pencils, copy paper, etc. to effectively run the program. We will also purchase ELA & Math manipulatives to help improve student achievement. Additionally, we will purchase an online subscription to XYZ Company for the duration of the summer program to assist our participating EL students with the curriculum (See attached job description). Total cost: $109,030.00
